

Rockwood 604 Door Guard

The global leader in
door opening solutions

For Installation Assistance, Call Rockwood Products at 800-458-2424 • www.rockwoodmfg.com

Note: The door guard should be mounted approximately 54" above the floor. (Check with your local authority for any special ADA requirements).

1. Using (three) $1\ 1/2"$ screws mount the base (with swing arm) to FRAME of the door positioning the base $1/8"$ from edge of frame as shown.
2. Using (four) $3/4"$ screws mount base (with hook) onto DOOR positioning the base $7/16"$ from the edge of the opposite base as shown.
3. To check proper alignment and function of the Door Guard swing arm over hook then open door.
